Mountain Climbing Challenge

Imagine if you were given the opportunity to climb a mountain. Every step you take in climbing the mountain would help you to see more of the wonderful creations of Allah. As well, the knowledge you gain from answering the questions would help you to increase your spiritual connection with Allah.

Your task:

- 1) Participate in the webinars and write the answers to the questions on the steps of the mountain. Every week you will receive a new mountain with a reflection activity involving information to fill in the steps of the mountain to help you reach the top of the mountain. Print out the page and fill out the page throughout the webinar.
- 2) After you have completed the weekly challenge submit your answers to the email fatima.siddiqah@hotmail.com (by **Wednesday** before the next webinar session along with your name)

Don't forget to be creative and decorate the mountain after you fill in the information.
