

In His name, the Beneficent, the Merciful

The Academy for Learning Islam

Presents the following courses:

ALI 086 – In preparation of Imam Mahdi's (a) Reappearance

Description: One of the most important topics in the study of Imamah is the belief in the living proof of Allah, Imam al-Mahdi (a). Often the followers of the Imam are called upon to prove this belief in the *ghayb* (unseen). Often the followers of the Imam wonder about the nature of His guidance and leadership. And often they yearn to meet him, and seek the means to do so. God willing, this course will answer these inquiries and more.
