Listing of Quran Tafsir Sessions

Alhamdu lillāh the team of volunteers at the Academy for Learning Islam (A.L.I.) has been able to gather links to all Quran Tafsīr sessions in English by Shi'ī Muslim speakers available on internet. The sessions have been arranged by sūra numbers as they appear in the Holy Quran. This is a unique resource, which we have not found on thousands of websites hosted by other Muslims, colleges, and universities. The list is updated every three months with additional links for recent tafsir sessions. Here are some of the comments we have received from users all over the world. May the Almighty Allah accept this service in the study of the Holy Quran. Presently the links to tafsir sessions cover a document of over 95 pages.

Tahajjud App on iOS and Android platforms

Since 2009, the Academy has published four different editions of *Tahajjud Salāt* booklet. Each edition has additional Du'ās, tasbīhāt and numerous prayers recommended for recitation late at night. Hundreds of copies have been printed for distribution. Because of its popularity and demand, the booklet was converted into an app for both iPhone and Android smartphones. In Holy Ramadan 1443 AH, the updated version of the App was released for the benefit of mu'minīn. Here some of the comments we received from the users:

We love your app. I's it possible to have transliteration? Jazakallāh

June 1, 2020. We love your app. I's it possible to have transliteration? Jazakallāh. Akil

April 6, 2020. Regarding the app, what a handy tool to have with you always. Sometimes you have the extra time in the morning and don't know what to do. Reviewing the content in the app helped me to find another Du'a to recite that I wouldn't otherwise recite. F. Alidina

October 27, 2019. Thank you for the Tahajjud Salat App - it has been very helpful and has amazing content. S. Kanjee

October 14, 2019. I am emailing regarding the salat tahajjud app which I came across on duas.org. I am so grateful to the people who created this app it will be so useful. K. Parveen

June 1, 2019. The Tahajjud app is out of this world. I just don't have words to express my gratitude. Only Allah (swt) can reward you for your efforts. S. Walji.

June 2019. Remembering you and the family in these holy days. Most grateful for your kind gift of Tahajjud Salat.

May 13, 2019. Messages: I have downloaded the tahajjud app, which is great, except all the text disappeared with the latest update. It would be great if this could be fixed asap

April 22, 2019. Have downloaded it and used it. Its quite functional, user friendly and complete. Have sent link to others to use it. Y. Devji.

April 21, 2019. I found the app very helpful. Before I had it, I just use a one-page printed Tahajjud guide, which is very simple. With this new app, I can refer to more authentic Duā's, and more importantly, more references. The options for different methods are useful too as it offers me selections for situations I may have in different time and chance. Overall, I found this app beneficial and worth publication or launching. A. Soeherman

April 20, 2019. Salaam, I downloaded this a while ago. Looks very well done. The FAQ are listed but should be answered. I like the explanation about need/no need for Qunūt in Namazi-e-Sha'fa. One more question - the Surah in Namazi Sha'fa after Surah Hamd in First and second rakaats is opposite in sequence to Surah recitation in Qunūt of Namaz-e-Witr. Is this correct? If so, is there any explanation. H. Fazal

April 19, 2019. I found it perfect. I had only two comments that have now been resolved: audio and the way to record mu'minīn names. I found it an excellent (only)

app for Shia. It has everything you need for your Tahajjud. The best part is that it has audio recording too and has short and long methods. I pray that more mu'minīn would benefit from this complete app. M Raza

April 13, 2019. Mashallah- best in this category. So practical, logical, and done with care. Mashallah. Endless thawab and Duaa your way! A. Hirji

March 8, 2019. I just love the app. May Allah increase your knowledge and help us learn from it. Inshallah. M Walji

September 18, 2020. I have just been so impressed with all the recent work and efforts done with the Sahīfa project, it literally brought me to tears! You, and your team, have achieved a phenomenal accomplishment, and your rewards truly is with Allah (SWT) and the Ahlul Bayt (A). M. Tejani

September 15, 2020. I am delighted to learn of the launch of updated section on Sahīfa Sajjādiyya on the Ali website. Thank you for drawing attention through this email. I have had a cursory glance at the page and have found that great valuable work of resource is being offered in the various sections. I was attracted to the section on Explanation of Sahīfa. This will InshāAllah be a great resource for me personally and for other mu'minīn. May this section continue to be updated. F. Dato, Wessex

What an excellent resource, Mashallah. May The Almighty give you tawfīq to be able to continue this work. A. Mitahni

I have just quickly gone through this valuable resource and am blown away MāshāAllāh. I see myself referring to it often inshāAllah and will try to pass on the word. The Arabic text with a line-by-line translation is very well done and useful. N. Dato
