

Testimonials on Quran Appreciation

Bismillāh. In the month of June 2022 for three consecutive Fridays we asked the subscribers to give their feedback and suggestions on the weekly Quranic Reflections which Alhamdu lillāh we have been sending out for over 12 years. Here are some of the responses:

- I absolutely love the Qur'an Reflections.
- It is informative short and easy to read, and the topics are relevant.
- Jazakallāh for all the work being put into compiling the weekly Quran Reflections. They give me so much to ponder upon and it is a great resource!
- I like that it seems so relevant to whatever I am doing the day I read it! Subhānallāh!
- I like the weekly emails and keep them as reminders and use them when I m searching for something. It helps me.
- I love the Qur'anic reflection and use it to annotate my Qur'an.
- Please continue to update reflections. I read one each night, even the old ones. I am benefitting understanding the Quran and I discussing with my children if the topic appropriate. I also love the connection of the ayah to Hadith of the imams, it really makes the ayah come to life, Jazakallāh for all your efforts in this.
- Salaam Alaykum, these reflections are really well written and provide amazing value. Truth is I only open to read these dispatches when I have time undisturbed and dedicated to read them. So sometimes they pile up, but I always make sure I never leave an issue unread. Keep up the great work you have been doing all these years and may Allah swt reward you and bless your efforts.
- This is a fantastic service to the Muslim Ummah - may Allah accept all your efforts and grant you all more Tawfiq and Bless you in Dunya wal Ākhirah.
- I think they are amazing, and I look forward to reading them every week. Whoever is writing this approaches each topic with such intellect and balance.
- Allah has recently guided me towards your website, and I feel so blessed. May Allah bless all the people behind this website doing such handwork immensely. The writers so have accurately related every verse with everyday life, helping one to understand the nature of life people and hereafter and making oneself become better, Alhamdulillah I am looking forward to learning from it a lot and waiting for more Quran reflection to be updated. Allāhumma Barik.
